# ALL TEXT in figure is Arial or Helvetica

For multipart figures, give each figure part an uppercase letter: A, B, etc and refer to these in the figure caption with a corresponding uppercase letter followed by a closing parenthesis: A), B), etc.

If applicable, letters indicating significant differences between treatments should be in lowercase above bars

Plot area is enclosed in a box

Axis labels:
1. Capitalize only the first word
2. Do not set in bold type—use plain or roman only
